To  
Mrs. Lucie Gosselin

07.03.2022

Dear Mrs. Gosselin,

we welcome you back to Hallwang Clinic and to our beautiful Black Forest and are looking forward to assisting you in every way to make your stay as pleasant and memorable as possible.

As you are aware from your first visit to our clinic, our personalized medical treatment offer and cost estimate can vary depending on individual clinical developments. Having access to extra funds in case your stay or treatment time need to be extended is highly recommended in order to ensure ongoing treatment without any delays due to administrative procedures to verify if sufficient funds are present.

Rules and practices at the clinic may be updated and vary from your previous experience. Please ask if you have any concerns or specific questions regarding costs and protocols.

Since your health and safety is our priority, our senior consultant will decide depending on your fitness and health status if outpatient accommodation at our Hallwang Clinic apartments is possible.

Please remember that we do not have contracts with statutory or private health insurance companies and that you need to settle all outstanding accounts directly with Hallwang Clinic before your departure.

As we are a small, specialist private hospital with limited patient accommodation, it is essential that we confirm your attendance as soon as possible by receiving a 100% deposit based on the cost of your treatment offer. We accept credit cards: There are no fees for Visa, Master card and Amex. For any other credit card, we have to charge a 2% disagio fee.

Please note: Cost estimates are based on individual patient's requirements, and are subject to change. The information contained in the cost estimate is strictly confidential and unauthorized reproduction or distribution of cost estimates is strictly prohibited.

Please contact us by email or phone should you have any further questions.

We all look forward to seeing you again at the clinic.

Very best regards,
